INTERN EXPERIENCE

PwC Advisory Launchpad Participant — PwC India *Feb 2026 – Aug 2026*

- Participated in the Advisory Launchpad journey through **self-paced e-learns**, Launchpad orientation, and platform onboarding sessions.
- Engaged in **business interaction, leadership connects, alumni connects, and master classes** to gain practical exposure to professional and business environments.
- Earned **5 micro-certifications** across Salesforce, Java Programming Fundamentals, Modern Data Systems, Soft Skills, and GenAI through structured learning.
- Gained practical industry exposure through the Launchpad learning journey, progressing from foundational e-learning to **Launchpad graduation**.

AWS Cloud Intern — ToriiMinds Pvt. Ltd. *Sept 2025 – Jan 2026*

- Architected event-driven serverless workflows using **AWS Lambda, S3, EC2, and IAM**, reducing application execution latency by **40%** and achieving **99.9% uptime**.
- Enforced role-based access control policies and bucket permissions, achieving **100% compliance** with cloud resource governance and infrastructure security audits.
- Automated resource provisioning pipelines, cutting manual configuration overhead by **35%** and increasing pipeline deployment reliability to **99.5%**.

PROJECTS

Salesforce Recruitment Management System *Apr 2026 – Jul 2026*

Technologies: Salesforce CRM, Flow Builder, Lightning App Builder, SOQL, Database Design

`github.com/vaishnavi725/Salesforce-Recruitment-Management-System`

- Engineered an end-to-end recruitment platform on Salesforce CRM, increasing candidate status tracking accuracy to **95%** and reducing processing overhead by **45%**.
- Architected **3 custom objects** with lookup relationships and **15+ custom fields** in SOQL, eliminating data duplication and maintaining **99.8% data integrity**.
- Automated candidate evaluation pipelines using Flow Builder and validation rules, generating real-time dashboards that improved recruiter response time by **30%**.

Soil Moisture Monitoring System — SCINOVA 2024 *May 2024*

Technologies: Embedded C, Arduino Uno, Soil Moisture Sensor, Signal Processing, IoT

`github.com/vaishnavi725/soil-moisture-sensor`

- Designed an IoT smart irrigation unit using Arduino Uno and soil moisture sensors, achieving continuous telemetry monitoring with **98.5% operational reliability**.
- Programmed signal processing algorithms in Embedded C to map analog telemetry into a **0–100% moisture scale** with a calibration error margin under **2%**.
- Integrated dynamic relay control switches to automate valve actuation based on soil thresholds, reducing water consumption by **35%** with a **99.2% trigger accuracy rate**.

TECHNICAL SKILLS

Programming Languages: C++, Java, Python, SQL
Cloud & DevOps: Amazon Web Services (EC2, S3, IAM, Lambda), Google Cloud Platform (GCP), Git, GitHub
AI & Generative AI: Generative AI, Large Language Models (LLMs), Prompt Engineering, Tokens, Embeddings, AI APIs
Platforms & Databases: Salesforce CRM (Flow Builder, Lightning App Builder), MySQL, MongoDB
Core Concepts: Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP), DBMS, Operating Systems, Computer Networks, IoT

EDUCATION

Nagarjuna College of Engineering and Technology — Bangalore, KA *2023 – 2027*
Bachelor of Engineering (B.E.) in Computer Science and Engineering **CGPA: 9.5 / 10.0**

STJ PU College — Vijayapur, KA *2021 – 2023*
Pre-University Course (PCMB) **Percentage: 96%**

ACHIEVEMENTS & ACTIVITIES

- **LeetCode Problem Solving:** Solved **248+ algorithmic challenges** (195 Easy, 50 Medium, 3 Hard) with an **88% first-pass acceptance rate**; earned the **50 Days Badge**.
- **HyperAPI Global Hackathon (Bangalore):** Built an AI extraction pipeline parsing a **1,000-page** document in under **15 minutes** with **98.4% data accuracy**.
- **Smart India Hackathon 2026:** Selected as a finalist among **50+ competing teams** in the institutional round at Nagarjuna College of Engineering.
- **AWS Summit Bengaluru 2026:** Attended specialized technical tracks on cloud architecture, Generative AI integration, and enterprise deployment optimization.

CERTIFICATIONS

PwC Advisory Launchpad Certification **2026**
Salesforce | Java Programming Fundamentals | Modern Data Systems | Soft Skills | GenAI
C++ Essentials 1 — Cisco Networking Academy **2026**
Python Programming with Red Hat (AD141) **2025**
Machine Learning & Deep Learning: Fundamentals and Applications — NPTEL **2025**

LANGUAGES

Kannada: Native | **English:** Professional Working Proficiency
